You last logged in 03 June 2019 at 1:21PM MST.

IMPORTANT: On Tuesday, 23 April, previously available technical exams were retired and we now have three new technical certification exams open for registration. You can find updated courseware to support these new exams in the WatchGuard Learning Center. The exams are: • Network Security Essentials – This exam covers the content previously covered in Fireware Essentials, but also includes content on basic networking and new Fireware topics, including multi-WAN, VLANs, and more. • Secure Wi-Fi Essentials – This exam covers basic wireless technology and Wi-Fi Cloud, as well as Fireware Gateway Wireless Controller and Wireless Firebox devices. • Multi-Factor Authentication Essentials – This exam covers basic authentication technology concepts and how to set up, configure, and manage WatchGuard AuthPoint. If you have questions about exams, please email us at exams@watchguard.com.

When you register for an exam, you can choose from two options:

- Onsite Proctored
- Online Proctored

**Onsite Proctored**  
Go to a Kryterion Testing Center to take an Onsite Proctored exam.

To get started, click Schedule an Exam and choose from our worldwide network of testing centers.

2. Adjacent to an exam, select **Receipt** to begin the receipt generation process.

### Registrations Eligible for Receipt Generation

Exam	Assessment Status	Date Scheduled	Transaction Amount	
Fireware Essentials - WatchGuard Internal	Completed		USD 0.00	<b>Receipt</b>
Fireware Essentials - WatchGuard Internal	Completed		USD 0.00	Receipt
Network and Traffic Management - WatchGuard Internal	Completed		USD 0.00	Receipt

3. Type your company name, address, and VAT (Tax) ID, and click **Generate Receipt**. A PDF will be downloaded. If your PDF receipt is not automatically generated, verify to see if automatic downloads are turned off for your browser.

A screenshot of a web interface showing a modal form titled "Receipt Details : Invoice #3573687 - Fireware Essentials". The form is overlaid on a background of a table with columns for service name, status, and price. The modal form contains the following fields:

- Company:
- Address 1:
- Address 2:
- Province/State Code:
- VAT#:

At the bottom of the modal, there are two buttons: "Generate Receipt" and "Cancel". The background table has rows for various services like "Network and Traffic Management - V...", "Fireware Essential...", and "Fireware Wireles...".
